- ▶ Know how you can use it to identify the support needs and goals of the people you support.
- ▶ Know how to prepare and facilitate an I-CAN interview.

WHO SHOULD ATTEND?

Practitioners, Allied Health, Direct Support Professional, Support Services, Family Members or anything one else interesting in learning how to administer a person centred support needs assessment tool.

THE FACILITATORS

Dr Samuel Arnold,
Research Fellow, Analytical Psychologist

Clin Professor Vivienne Riches,
Senior Research Fellow, Psychologist

Laura Hogan,
Leader Disability Access, Clinical Education & NDIS, Occupational Therapist

David Ackling-Jones,

THE TOOL

The I-CAN is a support needs assessment, planning and resource allocation tool designed to assess and guide support delivery for people with disability including people with mental health concerns.

The tool provides a person centred, holistic assessment that is conceptually based on the WHO ICF Framework. The I-CAN is a useful tool as part of pre-planning for the NDIS, by providing an independent needs assessment encompassing whole of life domains.
